

Spitzer Marinas
Authorization Form Boat Bottom & Detail Work
Fill Out – Drop Off – Or Fax
To The Marina Office
440-288-1234 – fax 440-288-9269

Due to higher EPA standards any boats that require any bottom scraping, sanding or painting MUST COVER THEIR ENTIRE WORK AREA around & under the boat (protecting other boats as well) and must dispose of this cover properly when finished. **NO CHEMICAL OR ANY TYPE OF RESIDUE IS PERMITTED TO BE ON THE GROUND AT ANYTIME.** This includes but is not limited to antifreeze, oil, fuel, paint, cleaners etc... Any cleanup that has to be done by the Marina will be at the boat owners' expense. Only environmentally safe products are to be used in the marina. (Only EPA approved antifreeze can be used for winterizing boats) Any outside contractor working on your boat must provide the Marina Office with a copy of Insurance, and a Workers Comp. Certificate. Anyone doing any work on a boat without this signed form and anyone having an outside contractor work on their boat without checking in with the Office may be stopped from completing the work.

All trash is to be disposed of in the dumpsters located throughout the Marina.

All shrink wrap must have strapping removed and be bundled up and placed IN the container located at the east end of the boat storage area. We will dispose of this at no cost to you.

All oil products must be disposed of in our oil tank located adjacent to the Rack Building.

Customer Name: _____

Outside Contractor: _____

Oh#/Boat Name: _____

Location: _____

Work being done: _____
