Marina

Ohio's First Clean Marina!
Help us to keep it that way!!

2022 Dockage

We currently only have a few choice docks available for anyone who has not renewed from 2021 or winter stored with us the past year but did not dock with us last season. Please give us a call to see what is still open, we will be adding additional docks in the future to accommodate additional boats. If you have not renewed your rack space we may not have any room for you based on new sales.

New This Summer

If you haven't been down to the Marina lately, you will notice that we have made a considerable investment in cleaning up the entire hillside along Colorado to enhance the look of our property.

There will be some additional housing units built this season, keep an eye out if you have ever wanted to live here at HarborWalk.

We also have completed the new lights on E Dock and will be painting the restrooms prior to April 1, 2022 opening.

The Boardwalk replacement on A, B, E, F and G Docks has begun and will be completed before May 1, 2022.

Please remove any items that may still be on these boardwalks as soon as possible and **note that only picnic tables, grills and dock boxes will be allowed to be put back on the boardwalk. Dock boxes must be no larger than 4 1/2 ft. tall, 4 1/2 ft wide and 3 ft deep.**

Misc. Items on Boardwalk/Quiet Hours/Parking

We would ask that you keep items that are placed on the boardwalk to a minimum and to put away what you can when not using them.

Quiet hours are from 11p.m. – 6a.m. and ask that during this time you keep your noise to a minimum (radios, loud talking, etc.)

Parking on E & F dock is limited so please have your customers (charter boats) or large gatherings (friends) park on the opposite side of docks to open up spaces. Thank you for your understanding and compliance.

New Customers

Please stop into the office during normal office hours to pick up your key fobs that will access the restroom/showers and swimming pool. Also please make sure that we have your insurance information and OH registration on file.
