2026 ** Fall Haul-Out & Winter Storage ** 2026

November 1, 2026 to May 1, 2027

HAUL-OUT RESERVATIONS

All boats that require Spitzer marina to provide haul-out services must be on the haul-out schedule by October 15, 2026. Any boats that stay in the water past Nov. 15, 2026 will incur additional dockage fees daily and will incur additional haul out fees if needed based on weather and staff. **No boats will be hauled out after Thanksgiving.**

WINTERIZATION

If performing winterization on your own boat, you must fill out a Boat Owners Service Form in the Marina Office and follow our specific rules.

INSIDE STORAGE

All boats for inside storage will be hauled-out and blocked outside for winterization and service needs. On or about November 16th – 18th, 2026, all boats will be moved inside. If your boat has not been hauled-out and winterized by this time you may lose your inside space. You may not work on your boat once it is inside the building. All boats that will be stored inside must not have had their fuel tanks topped off. **ANY LEAKS OR DAMAGE BY FUEL OR OTHER MATERIALS WILL BE CLEANED UP AT THE BOAT OWNERS EXPENSE.** All boats located inside will be removed and placed outside on or about April 1, 2027 for spring preparation and service needs.

OUTSIDE STORAGE

No electric will be provided in storage areas once winterization is complete. Mast chiming WILL NOT be tolerated this winter – please secure your lines! Outside storage placement will be determined by our staff based on size and spacing needs. All visitors between December 1, 2026 and April 1, 2027 may be asked to sign in with Security. During inclement weather the Marina may close access to specific areas of the facility.

SUMMER 2027

There will be no SUMMER DRY STORAGE for summer 2027. All boats MUST be launched or removed from the Marina. Any boats left on land after May 1, 2027 will be charged $20.00 a day until launched.

HAUL-OUT PREPERATION

All boats must be docked bow forward to be moved for haul-out purposes. Any boat with double engines or outboard engines hanging off the back must be a wait for owner. All personal items on the docks must be removed by November 1, 2026. Any items that are not stored on boat (i.e. golf carts, grills, personal watercraft, dock boxes etc.) will incur additional storage charges.

Boats must have sling marks, not responsible for damages

CRADLES & TRAILERS

All cradles and trailers must bear the customer's name and the boats OH #'s. Those with no identification or deemed unsafe will not be used.

No chemicals may be used to clean bottom of boats, water only!
